English

Writing: transcription and composition, focusing on 'Explanation' structures in non-fiction and 'Rebirth' stories in narrative. We will also cover Poetry, Recount, Non-Chronological Reports and persuasive writing.
Reading: word reading and comprehension; increasing familiarity with a wide range of books.
SPaG: visual strategies for spelling, exploring phrase and clause, writing compound and complex sentences, securing the use of prefixes, suffixes, plurals and homophones.

Science

Life Cycles of Humans and Animals: fossils, the ageing process, family trees and differences in offspring, the circulatory system, functions of the heart, the effect of lifestyle and diet.
Working Scientifically: planning scientific enquiries, controlling variables, taking measurements, recording data and results, scientific diagrams, tables and graphs, predicting, fair testing, conclusions and explanations.

Maths

Number: number and place value, addition and subtraction, multiplication and division, fractions, decimals and percentages. Strategies for written methods and problem solving. Mental maths, recall of tables up to x12
Geometry: Shapes and their Properties, Position and Direction.
Measure: convert and calculate, perimeter and area
Statistics: interpret and construct.
Ration and Proportion: fractions, percentages, decimals.
Algebra: linear sequences.

History, Geography, Art & Design, Design Technology, Computing

Understand chronology and changes over periods of time
 Prepare and cook savoury dishes
 Learn about where our food comes from and seasonality
 Use shading techniques to record/sketch from real-life objects
 'Inside your Insides' computing research programme – use the internet to find information (searching, reliable sources)
 Combine a range of multi-media
 Control programming – using 'Scratch'.
 Understanding e-safety when using control programming
 Lifestyle choices survey – handling data electronically
 Using data logging equipment to record information
 Prepare a presentation for the Healthy Living exhibition

Music

Listen to and appraise rap music
 Compose and perform a rap about healthy lifestyles using Loopseque app
 Perform solo and ensemble using voices and instruments
 Play an instrument and understanding notation.

R.E.

Sikhism: The relevance of Sikh stories today
Easter: Did God intend for Jesus to be sacrificed and did Jesus know this?

P.E

Dance: aerobic dance
 Gymnastics: counter balance and counter tension
 Net Games and Invasion Games
 Fitness: timed laps and work stations

Languages

French: understand and respond to spoken and written French.

P.H.S.E.

Going for Goals and Good to Be Me: developing an awareness of a "growth mindset" - to improve perseverance and resilience
