

## Year R

### Homework for two days

Here are some ideas on what you can do if we have snow days or any other day we may be closed.

**Phonics** learning could be revisiting all the sounds and word wall words we have learnt. You could go outside and see if there are any things, objects or things to write about. Write the words in the air, or in sand, water or with chalk on the ground. Can you extend it by writing a sentence?

There are lots of free websites with phonics games etc. on them:

<http://www.phonicsplay.co.uk/freeIndex.htm>

<http://jollylearning.co.uk/overview-about-jolly-phonics/>

<http://www.abcfastphonics.com/>

<http://www.twinkl.co.uk/>

You could go on a sound and sight walk. What do you hear or see? Can you write it down or take pictures? You could make a list poem where you list all you see:

#### **All around us poem**

Snow

Trees

Red leaves

You could also write a word phrase word poem:

#### **All around us poem**

Leaves

Falling like feathers

Green

Like freshly cut grass

**Maths** learning at home could involve adding and subtracting using objects, car registrations number plates. You could count all the trees, objects you see on a walk. What shapes could you see on your walk? You could practise number bonds (two numbers that make a number) as well. Useful websites:

<http://www.twinkl.co.uk/>

<http://www.topmarks.co.uk/>

<http://www.schooltube.com/> counting songs

<http://nrich.maths.org/early-years>

Why not use your tablet, phone or camera to take pictures of learning, walks or things you do at home and make a diary of pictures or writing.

Other activities could be to make a picture of what you see using, colours, paper, card, sequence etc.
