

Worlebury St Paul's Church of England V. A Primary School

Sport Premium

“The help I got at school was a key part of how I got to where I am today and so it can make a big difference”

Mo Farah Olympic champion

The Government provided funding of £450 million per annum for academic years 2013/14, 2014/15 and 2015/16 to provide “new, substantial primary school sport funding”. This funding has been jointly provided by the Departments for Education, Health and Culture, Media and Sport; the money has been allocated directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools. The Government has continued this pledge and funding of an extra £150 million a year will be shared between Primary Schools in England until 2020.

Eligible schools

Funding for schools is calculated by the number of primary-aged pupils (between the ages of 5 and 11) as at the annual schools census each January.

All schools with 17 or more primary-aged pupils have received a lump sum of £8,000 per year, plus a premium of £5 per pupil. Smaller schools will receive £500 per pupil.

Purpose of funding

Schools have to spend the sport funding on improving their provision of PE and sport, but they have the freedom to choose how they do this.

Possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- new or additional Change4Life sport clubs
- paying for professional development opportunities in PE/sport
- providing cover to release primary teachers for professional development in PE/sport
- running sport competitions, or increasing participation in the school games
- buying quality assured professional development modules or materials for PE/sport
- providing places for pupils on after school sport clubs and holiday clubs.

Accountability

Schools will be held to account for how they spend the sport funding. Ofsted will strengthen its coverage of sport and PE within the Inspectors' Handbook and supporting guidance, so that schools and inspectors know how sport and PE will be assessed in future as part of the school's overall provision offered.

Sport Premium - September 2015-July 2016

The funding is to be used to improve the quality of sport and PE provision at Worlebury St Paul's Church of England V. A. Primary School. Based on current admission numbers, we have received £8,860 for academic year 2014/2015, £8,879 for 2015/2016, and £8,870 for 2016-2017.

Our vision is to create a culture that encourages all our children to be active and have positive attitudes towards physical activity and healthy lifestyles. We believe high quality physical education and school sport will contribute to a range of outcomes for our children. Not only does it equip young people with physical literacy while supporting their physical development, movement skills and body confidence, but it also contributes to their physical, mental and social well-being.

Current Provision

We are very proud of our existing PE and Sport provision and yet we want to use the money effectively to raise the profile of PE, increase participation in competitive school sport and increase the knowledge of our teachers so that when the funding runs out we have a legacy of quality provision.

How we spent our 2015-2016 'Sport Premium' funding- Academic Year 2015-2016

PE provision (through staff Continued Professional Development opportunities and specialist input from a specialist sports coaches from our local Priory Community School)	1,750
Membership of the North Somerset PE Association (NSSP)	900
Equipment	830
School PE subject leadership time	1,110
Contribution towards active lunch times	1,995
Travel to events	248
Sports for Progress	2,037
2015/16 spend	8,870

North Somerset School's Partnership (NSSP)

Part of our 'Sport Premium' funding has been used to fund our Cluster Schools Sports Network the NSSP. Being a member of this partnership gives us access to North Somerset inter-school competitions such as cross-country, hockey and county football tournaments. The membership also gives us priority access to the North Somerset dance festivals and the North Somerset Swimming gala.

In addition to this, membership covers reduced cost CPD (continued professional development) in North Somerset, 1 twilight CPD staff CPD and 1 days school PE CPD/Enrichment. Other benefits of membership include an equipment loan scheme and opportunities for level 3 competition access.

Specialist sport coaches

Over the past year we have employed a specialist sports coach from one of our local secondary schools. This has provided an exciting opportunity for both staff and children at Worlebury St Paul's. The sessions have been across all years of the school and are tailored to support the teacher within the areas that they would like their CPD to grow within the PE curriculum. Targeting the CPD this way ensures an efficient way to increase subject knowledge and confidence in teaching PE to deliver consistent high quality curriculum sessions. A typical unit will begin with the specialist sports coach leading the session, whilst the teacher observes. Then over the course of the unit block, the teacher gradually takes more control of the sessions with the sports specialist coaching the teacher. We have had very positive feedback from staff and children, so we decided to reinvest back into this CPD during terms 1 to 4 of the 2015/2016 academic year.

Active lunchtimes

Active lunchtimes have been remarkably successful at Worlebury School. During every lunchtime at Worlebury (2 of which are funded by our Sports Premium), we have employed coaches from a local school sports company called 'Sports to Schools' to run lunchtime activities for the children to participate in. This has ensured that children have an opportunity available to them where they can participate in fun structured sports activities during their lunchtime break, and embrace and learn new skills. Due to the success of this, we are continuing with this for academic year 2016/2017.

Travel to events

Part of the funding has been used to offset some of the financial costs that parents and carers need to commit to when children need to travel to events.

Sports for Progress

Sports for Progress is a new initiative that we trialled over the last two terms of 2014/2015 academic year at Worlebury School. The scheme is based firmly on using outdoor and adventure activities as an important tool for learning. These activities challenge children to work collaboratively in a team to overcome various barriers and find solutions. The funding was used to provide classroom supply cover for our PE subject leader for an afternoon a week for 8 weeks so he could develop the programme and lead the sessions.

The key aim of 'Sports for Progress' is to develop two key relationships - interpersonal and intrapersonal. Interpersonal relationships refer to how well an individual deals with a group. This involves communication, co-operation, trust, conflict, resolution, problem solving, leadership and coordination, etc. Intrapersonal relationships refer to how well the individual gets along with themselves. This involves spirituality, self-confidence, self-worth, self-esteem and a sense of belonging. We want children to see that by pushing their limits, being persistent and by working well in a team, that they can achieve their goals.

After trialling 'Sports for Progress' for two terms, we decided from the evidence gathered, that this project has the potential to significantly impact the development of young children. We continued to develop and enhance the programme in 2015/2016.

Equipment

Teambuilding equipment

We used part of our sports premium funds to purchase quality equipment to complement 'Sports for Progress'. This equipment included activities such as spider balance, roll and control, suspended puzzle, amongst many others. In addition we used some of the funds to purchase 'Sports for Progress' t-shirts which children were able to wear during the sessions to enhance the overall prestige of being part of the group.

Goal posts

These have been used during school football training and during our home fixtures. The children were really proud of the new posts and they added to the overall status of our team. 2015/2016 was a good year for football at Worlebury School. We remained unbeaten over the course of the year, and only missed out on winning the final of our North Somerset tournament on penalties!

Netball equipment

We continued to invest in netball equipment for our successful netball team who beat every team in our local cluster the previous year. In addition we have had 3 of our children chosen to represent North Somerset in netball!

PE Subject leader time

Part of the funding was used so the PE subject leader could have a day a term to develop sport at Worlebury School. The time was allocated for things such as booking/organising events, letters to parents, risk assessments etc among other PE related work. A hugely successful use of this time was using it to organise Paralympic England and GB 7 a-side football captain 'Jack Rutter' to come into school and meet the children. He was massively inspirational and the children were able to watch him on Television during the 2016 Paralympic games!

Sustainability

We will endeavour to use the funding to make high quality PE and sport sustainable. In this way, our children will gain new skills and experiences and teachers will learn new techniques and knowledge to aid them in teaching sport and PE.

The long term aim is higher quality lessons and improved active learning and healthy lifestyles for all of our children.

“Champions aren’t made in the gyms. Champions are made from something deep inside them A desire, a dream, a vision.”

Muhammad Ali, American boxer

“Even when you’ve played the game of your life, it’s the feeling of teamwork that you’ll remember. You’ll forget the plays, the shots, and the scores, but you’ll never forget your teammates”

Impact to date

- Our children have benefitted from being taught by specialist PE coaches. PE sessions have an increased emphasis on activities that are physically demanding whilst being fun and engaging. Furthermore, children have experience an ‘upgrade in skills’ from our Secondary School PE specialist.
- Our teachers have gained skills and expertise from specialist PE coaches.
- Children have enjoyed participating in the North Somerset South Schools Football tournament, Cross Country, Swimming gala, Tag Rugby, Hockey, Dance Festival, and the North Somerset Festival of sport
- New goal posts and netball markings have increased sport participation
- Staff have attended a CPD twilight session with a gymnast specialist who has enhanced their knowledge and confidence in gymnastics.
- Enrichment workshops with local sport clubs
- Children enjoyed enrichment workshops where they were able to embrace fresh challenges, such as the popular ‘Speedstackers’ and an orienteering session.
- Children have the opportunity to be active at lunchtimes through a range of playground equipment. Playground Leaders have the role and responsibility of organising the resources and the games. Impact from SMSAs shows less difficult behaviour, and far greater positive behaviour over the lunchtime hour
- ‘Active lunchtimes’ have provided fun engaging activities
- The development of ‘Sports for Progress’
- Since the introduction of “wellies” children have been able to access our playing field far more over the year.

How we aim to spend our sports premium September 2016-July 2017

Spending for 2016/17	£
PE Specialist	4,893
North Somerset PE	900
Active lunchtimes	2,730
Equipment	347
Total forecast spend for 2016/17	8,870
