Changes for 2014

There have been many changes for this academic year and staff have been working hard to ensure that they are all in place for your children.

Curriculum 2014

In line with government expectations we have changed our Curriculum to take into account the new framework.

Please look at our website or ask in school for a hard copy of the changes to English, Mathematics and our Learning Themes.

Assessment

We will also be changing our assessment within school in light of the government's decision to remove levels.

Special educational needs and disability code of practice: 0 to 25 years.

September 2014.

From 1 September 2014 transitional arrangements will be in place to support the changeover from the current system to the new system in a phased and ordered way

Please look at Changes for the academic year 2014-15 on the Information page of the website for further details.
